Summary: Southwest Area Incident Management Team #3 assumed command of the Terwilliger Fire at 6:00 a.m. this morning and will continue using full suppression strategy.

The Terwilliger fire is burning on both the west and east side of Cougar Reservoir. Yesterday, crews continued to hold the fire south of Boone Creek. Heavy equipment was used to open existing roads and lines used last year on the east side of the reservoir. Aviation resources were used to hold line to the north as weather and smoke conditions allowed.

Firefighters will continue their work to hold the fire south of Boone Creek. They completed line from Forest Road 19 to the Forest Road 115 and will implement a burn out operation to strengthen the control line. Heavy equipment will continue to open existing roads and fire managers will scout out areas with the most probability of success to hold the fire on the northeast side of the fire.
